i am not saying that i haven't wanted to participate on all of the different things that you offered, you had some concerts that i wanted to go to, but i had duty the days that they went on. if you could put it out better to the units that would be cool. you do have a good program downrange.

more activities for adults, and not have so many that are only for children.
better slot machine facilities, better restaurants (ie. chili's like at air force bases).

The MWR on post should have their activities sent weekly through the Outlook mail system. While I was at Ft. Leonard Wood, the MWR there made it easy to know what activities theyare offering on a weekly basis and even to inform of closures and rescheduled events.

The Mountaineer Gym on Baumholder needs to be upgraded with better free weights and other strength training machines. The space is too small and inadequate for the number of Soldiers who use the facility.

The number one comment that I have is the video store in the Wezel Area. Does not open before 4:00pm. and closes at 8:00pm. In this area school lets out at 2:00pm. And when kids are aout early and have nothing to do the video store is never open. It would be greatly appreciated if the video store would open ealier and close later.

It bothers me to see all the great facilities and programs that the Air Force has to offer in comparison to the Army. As a father, I think that MWR needs to sponsor many more family oriented activities, especially for families with young children. It is very important that the unit command recognize that soldiers must have adequate time with family for these kinds of events.

the boss program needs finacial support badly, however with our training schedule i find it extremly difficult to help my fellow soldiers by provideing trips and other morale boosting events, and money we recive is coming from soldiers themselves and this is where the problem is , we need money to lower costs of events for soldiers but at the same time we are taking money from soldiers some of whom will not be able to participate in the events due to work or misson or our massive training schedule , simply put we need government funding and we need it soon,

We need an automated car wash. The existing facility is manual, outdoors. During the winter months it is unusable.

As an installation that constantly deploys troops, we have to have facilities that can re-focus from primarily Soldier support to primarily family member support.

I am mainly familiar with MWR through Shooter's. Their food is excellent, and the service is friendly. I don't use many other services, but feel that MWR is good for the soldiers. CYS is most important to me and my wife. We are very satisfied with their service and their commitment.

This post is forgotten when it come to promoting sports for high school kids, celebrity visitation from USA, on post intertainment and there is no place (enlisted club)for the young soldiers to go on post to have fun or to meet with others soldiers to talk or release some stress. I think this is unfair for them, this would cut a lot of trouble outside of post.

I am a certified group aerobics instructor. I would like to be able to teach aerobics as a job. However, I am told the only way for me to do that is to do a contract. It seems like everyone I talk to has something different to say and nobody is very helpful and encouraging either. I think it would be beneficial for the fitness participants to have qualified fitness professionals working at the gym. The people who currently work at our gyms do not know much about fitness and are not able or qualified to help the costumers improve their fitness. I think the positions should be filled be people who can make fitness plans, teach class, train people in proper form, and things that will help the people who need and want it.

i dont think that baumholder is a good poat for families.
specially the frg is bad over here what supprises me since its overseas and people
need each other more.
its the whorst post i ever been too.
i love germany but the people and the army over here in baumholder are really not what i had expected.
